

Ben Hauptvogel

Berlin, Germany
+49(0)152 31914208 | hauptvogel.ben@gmail.com

PROJECTS

- | | |
|-------------|---|
| 2023 - 2024 | AI Research, German Research Center for Artificial Intelligence <ul style="list-style-type: none">• Trained LLMs on large-scale GPU clusters• Improved reward models for Reinforcement Learning from Human Feedback (RLHF) by extending existing datasets using weak supervision• Peer-reviewed IEEE publication: “Language Modeling with Reinforcement Learning from Human Feedback with Weak Supervision” (IEEE, ArXiv) |
| 2025 | Research Tool, Daimler Center for Automotive IT Innovations <ul style="list-style-type: none">• Built an interactive map tool, as part of the course “Automated and connected driving”, to visualize digital grid systems for organizing geographic information |

WORK EXPERIENCE

- | | |
|-------------|---|
| 2026 | Visiting Forward Deployed AI Engineer, Boston Consulting Group <ul style="list-style-type: none">• Worked as part of a BCG X case team on an end-to-end AI voice-agent platform for a telecommunications client• Implemented LLM-driven customer service workflows handling 80,000+ monthly calls, contributing across frontend, backend and cloud infrastructure |
| 2023 - 2024 | Teaching Assistant, Technical University Berlin <ul style="list-style-type: none">• Supervised small classes, ran exercise sessions and supported organization for the courses “Media Project” and “Algorithms and Data Structures” |
| 2021 - 2023 | Full Stack Web Developer, smart medication eHealth GmbH <ul style="list-style-type: none">• Developed healthcare web applications with stringent data privacy standards for pharmaceutical companies and doctors |

EDUCATION

- | | |
|----------------|--|
| 2024 - present | Technical University Berlin <i>MSc Computer Science</i> <ul style="list-style-type: none">• Main subject: Cognitive Systems and Machine Learning |
| 2025 - 2026 | University of Ljubljana, Slovenia <i>Erasmus+ Program</i> <ul style="list-style-type: none">• Focus: Bioinformatics and Computational Genomics |
| 2020 - 2024 | Technical University Berlin <i>BSc Computer Science and Digital Media</i> <ul style="list-style-type: none">• Awarded for exceptional academic performance as a top graduate in 2023/2024• Selected relevant courses include Cognitive Algorithms (ML), Algorithms and Data Structures, and Partial Differential Equations |

SKILLS & INTERESTS

- | | |
|--------------|---|
| Languages | German (native), English (C1), French (A2) |
| Technologies | Python, PyTorch, Java, C/C++, Javascript, Docker, Linux, vim, tmux, git |
| Interests | Video and Film Production, Basketball, Climbing, Game Theory |
